

## Toy Products Recall Notifications-2024 report 2

In order to protect consumer legitimate rights, the European Union, UK, USA, Canada, Australia together with other countries in the world has established special notification systems to provide information of products which may cause risk to people health and safety.

A total of 59 notifications of children's toys were declared in EU RAPEX are from **Austria, Cyprus, Czechia, Finland, France, Germany, Hungary, Lithuania, Poland, Sweden, The Netherlands**; 0 notification in UK official for product safety and Standards website; 1 notification in Healthy Canadians official website; 5 notifications in Australian product safety recalls official website; 4 notifications in CPSC official website during the 5th to the 9th week of 2024. Except the notification in Australian product safety recalls official website, in which the original country of toys are not mentioned, **up to 55 notifications of children's toys are from China among all those notifications**. Toys were notified because of contain or release small parts, phthalates content exceeds the limit level, etc.

Risk	Notifying country	Regulation/ Standard	Notification count	Products	Partial Pictures
